

ADAPTIVE 2021

Forward

The Thirteenth International Conference on Adaptive and Self-Adaptive Systems and Applications (ADAPTIVE 2021), held on April 18 - 22, 2021, continued a series of events targeting advanced system and application design paradigms driven by adaptiveness and self-adaptiveness. With the current tendencies in developing and deploying complex systems, and under the continuous changes of system and application requirements, adaptation is a key feature. Speed and scalability of changes require self-adaptation for special cases. How to build systems to be easily adaptive and self-adaptive, what constraints and what mechanisms must be used, and how to evaluate a stable state in such systems are challenging duties. Context-aware and user-aware are major situations where environment and user feedback is considered for further adaptation.

The conference had the following tracks:

- Self-adaptation
- Adaptive applications
- Adaptivity in robot systems
- Fundamentals and design of adaptive systems

Similar to the previous edition, this event attracted excellent contributions and active participation from all over the world. We were very pleased to receive top quality contributions.

We take here the opportunity to warmly thank all the members of the ADAPTIVE 2021 technical program committee, as well as the numerous reviewers. The creation of a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors that dedicated much of their time and effort to contribute to ADAPTIVE 2021. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

Also, this event could not have been a reality without the support of many individuals, organizations and sponsors. We also gratefully thank the members of the ADAPTIVE 2021 organizing committee for their help in handling the logistics and for their work that made this professional meeting a success.

We hope ADAPTIVE 2021 was a successful international forum for the exchange of ideas and results between academia and industry and to promote further progress in the area of adaptive and self-adaptive systems and applications.

ADAPTIVE 2021 General Chair

Jaime Lloret Mauri, Universitat Politecnica de Valencia, Spain

ADAPTIVE 2021 Steering Committee

Constantin Paleologu, University Politehnica of Bucharest, Romania

Claudia Raibulet, University of Milano-Bicocca, Italy
Sebastian Herold, Karlstad University, Department for Mathematics & Computer Science, Sweden
Andreas Rausch, TU Clausthal, Clausthal-Zellerfeld, Germany
Marc Kurz, University of Applied Sciences Upper Austria, Faculty for Informatics, Communications and Media, Austria
Valerie Camps, Paul Sabatier University - IRIT, Toulouse, France
Yukio Hayashi, Japan Advanced Institute of Science and Technology, Japan

ADAPTIVE 2021 Publicity Chair

Jose Luis García, Universitat Politècnica de València, Spain
Lorena Parra, Universitat Politècnica de València, Spain

ADAPTIVE 2021 Industry/Research Advisory Committee

Habtamu Abie, Norwegian Computing Center/Norsk Regnesentral-Blindern, Norway
Marc-Philippe Huget, Polytech Annecy-Chambery-LISTIC | University of Savoie, France
