

CTRQ 2021

Forward

The Fourteenth International Conference on Communication Theory, Reliability, and Quality of Service (CTRQ 2021), held between May 18-22, 2021, continued a series of events focusing on the achievements on communication theory with respect to reliability and quality of service. The conference also brought onto the stage the most recent results in theory and practice on improving network and system reliability, as well as new mechanisms related to quality of service tuned to user profiles.

We take here the opportunity to warmly thank all the members of the CTRQ 2021 technical program committee, as well as all the reviewers. The creation of a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to CTRQ 2021. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

We also thank the members of the CTRQ 2021 organizing committee for their help in handling the logistics and for their work that made this professional meeting a success.

We hope that CTRQ 2021 was a successful international forum for the exchange of ideas and results between academia and industry and to promote further progress in the domain of communication theory, reliability, and quality of service.

CTRQ 2021 Chairs

CTRQ 2021 Steering Committee

Kiran Makhijani, FutureWei, USA

Daniele Codetta Raiteri, Università del Piemonte Orientale, Italy

CTRQ 2021 Advisory Committee

Eugen Borcoci, University "Politehnica" of Bucharest (UPB), Romania

CTRQ 2021 Publicity Chairs

Lorena Parra, Universitat Politecnica de Valencia, Spain

Jose Luis García, Universitat Politecnica de Valencia, Spain
