ICSNC 2023

Forward

The Eighteenth International Conference on Systems and Networks Communications (ICSNC 2023), held on November 13 - 17, 2023 in Valencia, Spain, continued a series of events covering a broad spectrum of systems and networks related topics.

As a multi-track event, ICSNC 2023 served as a forum for researchers from the academia and the industry, professionals, standard developers, policy makers and practitioners to exchange ideas. The conference covered fundamentals on wireless, high-speed, mobile and Ad hoc networks, security, policy based systems and education systems. Topics targeted design, implementation, testing, use cases, tools, and lessons learnt for such networks and systems

The conference had the following tracks:

• TRENDS: Advanced features
• WINET: Wireless networks
• HSNET: High speed networks
• SENET: Sensor networks
• MHNET: Mobile and Ad hoc networks
• AP2PS: Advances in P2P Systems
• MESH: Advances in Mesh Networks
• VENET: Vehicular networks
• RFID: Radio-frequency identification systems
• SESYS: Security systems
• MCSYS: Multimedia communications systems
• POSYS: Policy-based systems
• PESYS: Pervasive education system

We welcomed technical papers presenting research and practical results, position papers addressing the pros and cons of specific proposals, such as those being discussed in the standard forums or in industry consortiums, survey papers addressing the key problems and solutions on any of the above topics, short papers on work in progress, and panel proposals.

We take here the opportunity to warmly thank all the members of the ICSNC 2023 technical program committee as well as the numerous reviewers. The creation of such a broad and high quality conference program would not have been possible without their involvement. We also kindly thank all the authors that dedicated much of their time and efforts to contribute to the ICSNC 2023. We truly believe that thanks to all these efforts, the final conference program consists of top quality contributions.

This event could also not have been a reality without the support of many individuals, organizations and sponsors. We also gratefully thank the members of the ICSNC 2023 organizing committee for their help in handling the logistics and for their work that is making this professional meeting a success. We gratefully appreciate to the technical program committee co-chairs that contributed to identify the appropriate groups to submit contributions.

We hope the ICSNC 2023 was a successful international forum for the exchange of ideas and results between academia and industry and to promote further progress in networking and systems communications research. We also hope that Valencia provided a pleasant environment during the conference and everyone saved some time for exploring this beautiful city

ICSNC 2023 General Chair

Jaime Lloret Mauri, Polytechnic University of Valencia, Spain

ICSNC 2023 Steering Committee

Marc Kurz, University of Applied Sciences Upper Austria, Faculty for Informatics, Communications and Media, Austria
Jin-Shyan Lee, National Taipei University of Technology (Taipei Tech.), Taiwan
Rony Kumer Saha, BRAC University, Bangladesh
Eugen Borcoci, University Politehnica of Bucharest, Romania

ICSNC 2023 Publicity Chair

Lorena Parra Boronat, Universitat Politecnica de Valencia, Spain
Sandra Viciano Tudela, Universitat Politecnica de Valencia, Spain
Jose Miguel Jimenez, Universitat Politecnica de Valencia, Spain
