ICWMC 2018

Forward

The Fourteenth International Conference on Wireless and Mobile Communications (ICWMC 2018), held between June 24, 2018 and June 28, 2018 in Venice, Italy, continued a series of events dedicated to advanced wireless technologies, wireless networking, and wireless applications.

ICWMC 2018 addressed wireless related topics concerning integration of latest technological advances to realize mobile and ubiquitous service environments for advanced applications and services in wireless networks. Mobility and wireless, special services and lessons learnt from particular deployment complemented the traditional wireless topics.

The conference had the following tracks:

- Mobility Trends
- Performance Evaluation, Simulation and Modeling of wireless networks and systems
- Mobile Systems

We take here the opportunity to warmly thank all the members of the ICWMC 2018 technical program committee, as well as all the reviewers. The creation of such a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated their time and effort to contribute to ICWMC 2018. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

We also gratefully thank the members of the ICWMC 2018 organizing committee for their help in handling the logistics and for their work that made this professional meeting a success.

We hope that ICWMC 2018 was a successful international forum for the exchange of ideas and results between academia and industry and to promote further progress in the field of advanced wireless technologies, wireless networking, and wireless applications. We also hope that Venice, Italy provided a pleasant environment during the conference and everyone saved some time to enjoy the unique charm of the city.
