

# ICWMC 2023

## Forward

The Nineteenth International Conference on Wireless and Mobile Communications (ICWMC 2023), held between March 13<sup>th</sup> and March 17<sup>th</sup>, 2023, continued a series of events on advanced wireless technologies, wireless networking, and wireless applications.

ICWMC 2023 addressed wireless related topics concerning integration of latest technological advances to realize mobile and ubiquitous service environments for advanced applications and services in wireless networks. Mobility and wireless, special services and lessons learnt from particular deployment complemented the traditional wireless topics.

We take here the opportunity to warmly thank all the members of the ICWMC 2023 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to ICWMC 2023. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the ICWMC 2023 organizing committee for their help in handling the logistics of this event.

We hope that ICWMC 2023 was a successful international forum for the exchange of ideas and results between academia and industry and for the promotion of progress in the field of wireless and mobile communications.

### **ICWMC 2023 Chairs**

#### **ICWMC 2023 Steering Committee**

Dragana Krstic, University of Niš, Serbia

Rajat Kumar Kochhar, Ericsson, Sweden

Magnus Jonsson, Halmstad University, Sweden

Sonia Ben Rejeb, Higher Institute of Computer Science (ISI), University of Tunis El Manar (UTM), Tunisia

#### **ICWMC 2023 Publicity Chairs**

José Miguel Jiménez, Universitat Politècnica de Valencia, Spain

Sandra Viciano Tudela, Universitat Politècnica de Valencia, Spain
