

MOBILITY 2026

Forward

The Sixteenth International Conference on Mobile Services, Resources, and Users (MOBILITY 2026), held between April 19, 2026, and April 23, 2026, in Lisbon, Portugal, continued a series of events covering mobility-at-large, dealing with challenges raised by mobile services and applications considering user, device, and service mobility.

Users increasingly rely on devices in different mobile scenarios and situations. "Everything is mobile", and mobility is now ubiquitous. Services are supported in mobile environments, through smart devices and enabling software. While there are well-known mobile services, the extension to mobile communities and on-demand mobility requires appropriate mobile radios, middleware, and interfacing. Mobility management is becoming more complex but is essential for every business. Mobile wireless communications, including vehicular technologies, bring new requirements for ad hoc networking, topology control, and interface standardization.

We take here the opportunity to warmly thank all the members of the MOBILITY 2026 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank the authors who dedicated time and effort to contribute to MOBILITY 2026. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the MOBILITY 2026 organizing committee for their help in handling the logistics of this event.

We hope that MOBILITY 2026 was a successful international forum for the exchange of ideas and results between academia and industry for the promotion of progress in the area of mobile services, resources, and users.

MOBILITY 2026 Chairs

MOBILITY 2026 Steering Committee

Lounis Adouane, Université de Technologie de Compiègne / Heudisayc, France
Omar Sami Oubbati, University of Laghouat, Algeria

MOBILITY 2026 Publicity Chairs

Francisco Javier Díaz Blasco, Universitat Politècnica de València, Spain
Ali Ahmad, Universitat Politècnica de València, Spain
Sandra Viciano Tudela, Universitat Politècnica de València, Spain
José Miguel Jiménez, Universitat Politècnica de València, Spain
