

PESARO 2022

Forward

The Twelfth International Conference on Performance, Safety and Robustness in Complex Systems and Applications (PESARO 2022) continued a series of events dedicated to fundamentals, techniques and experiments to specify, design, and deploy systems and applications under given constraints on performance, safety and robustness.

There is a relation between organizational, design and operational complexity of organization and systems and the degree of robustness and safety under given performance metrics. More complex systems and applications might not be necessarily more profitable, but are less robust. There are trade-offs involved in designing and deploying distributed systems. Some designing technologies have a positive influence on safety and robustness, even operational performance is not optimized. Under constantly changing system infrastructure and user behaviors and needs, there is a challenge in designing complex systems and applications with a required level of performance, safety and robustness.

We take here the opportunity to warmly thank all the members of the PESARO 2022 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to PESARO 2022. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the PESARO 2022 organizing committee for their help in handling the logistics of this event.

PESARO 2022 Chairs

PESARO 2022 Steering Committee

Mohammad Rajabali Nejad, University of Twente, the Netherlands

Rémy Houssin, Université de Strasbourg - ICube Laboratory, France

Yulei Wu, University of Exeter, UK

Wolfgang Leister, Norsk Regnesentral, Norway

PESARO 2022 Publicity Chairs

Javier Rocher, Universitat Politècnica de València, Spain

Lorena Parra, Universitat Politècnica de València, Spain
