SOFTENG 2018

Forward

The Fourth International Conference on Advances and Trends in Software Engineering (SOFTENG 2018), held between April 22, 2018 and April 26, 2018 in Athens, Greece, focused on challenging aspects for software development and deployment, across the whole life-cycle.

Software engineering exhibits challenging dimensions in the light of new applications, devices and services. Mobility, user-centric development, smart-devices, e-services, ambient environments, e-health and wearable/implantable devices pose specific challenges for specifying software requirements and developing reliable and safe software. Specific software interfaces, agile organization and software dependability require particular approaches for software security, maintainability, and sustainability.

We take here the opportunity to warmly thank all the members of the SOFTENG 2018 technical program committee, as well as all the reviewers. The creation of such a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated their time and effort to contribute to SOFTENG 2018. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

We also gratefully thank the members of the SOFTENG 2018 organizing committee for their help in handling the logistics and for their work that made this professional meeting a success.

We hope that SOFTENG 2018 was a successful international forum for the exchange of ideas and results between academia and industry and to promote further progress in the field of software engineering. We also hope that Athens, Greece, provided a pleasant environment during the conference and everyone saved some time to enjoy the historic charm of the city.

SOFTENG 2018 Chairs

SOFTENG Steering Committee
Mira Kajko-Mattsson, Royal Institute of Technology, Sweden
Miroslaw Staron, University of Gothenburg, Sweden
Yoshihisa Udagawa, Tokyo Polytechnic University, Japan
Ulrike Hammerschall, University of Applied Sciences Munich, Germany

SOFTENG Industry/Research Advisory Committee
Philipp Helle, Airbus Group Innovations - Hamburg, Germany
Sigrid Eldh, Ericsson AB, Sweden
Tomas Schweigert, SQS Software Quality Systems AG, Germany
Michael Perscheid, Innovation Center Network, SAP, Germany
Janne Järvinen, F-Secure Corporation, Finland
Paolo Maresca, VERISIGN, Switzerland
Doo-Hwan Bae, Software Process Improvement Center - KAIST, South Korea
